*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

California Center for Healing, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: True or False: "If my relationship (including my sex life) stayed exactly the same, I would be happy for the rest of my life." Since it's never been harder to be a couple than it is today, you have LOTS of company if you can't quite respond "true" right now. While there is no shortage of sexuality and relationship advice being offered to married couples these days, wouldn't it be nice to hear from an actual married couple on this topic? A highly credentialed couple who knows firsthand the trenches of modern marriage, including the struggle to find time to nurture their relationship, what with two careers, a super active family, a 24 hr buffet of tech-stimulation and a list of obligations and commitments that just won't quit? Well, we are that couple, and we are tremendously excited to share our proven CoupleFlow model with you. Whether you are in a relationship rut or looking to improve an already good thing, this book provides a well-established plan to support your goals, clearing a path through the Living Room right on into your Bedroom. With a Foreword from relationship expert, Rob Weiss, and endorsed by many leading sex therapists like Alex Katehakis and Barbara Levinson, as well as by best-selling parenting and wellness experts like Dr. Tina Bryson and Harold Lancer, M.D., this book leads you on a shared journey marked by powerful exercises called "PIEs" (Planned Intimate Experiences). Rather than compartmentalizing sexuality, our "CoupleFlow" approach is based on the fact that the Living Room and Bedroom are constantly feeding into each other. We know from personal and clinical experience that if you follow this program, the flow of relational energy between...
